

VEDA D

UNDERGRADUATE STUDENT- B.E. IN COMPUTER SCIENCE

+91 6362673838 | veda4002@gmail.com | [LinkedIn](#) | [GitHub](#)

SUMMARY

Motivated and hardworking Computer Science Engineering student with strong academic background and a genuine interest in learning new technologies. Adept at learning new tools, concepts and skills and contribute to a team. Looking for opportunities to grow through hands-on experience, eager to contribute to real-world projects and add value to a forward thinking organization.

INVOLVEMENT

Design team lead, Lumina Club

Nov 2024 - Present

Lumina is a student led literature club that focuses on improving the soft skills and professional development of engineering students. Posters required for advertising the club events and announcements is the contribution towards the growth of the club.

PROJECTS

Air quality monitoring system

July 2024

A mini microcontroller project done to practically experience the working of a microcontroller. Other components like various sensors were also used along with Blynk IoT platform. This project displayed real-time air quality data.

SKILLS

Java	C	Python
Machine Learning		

EDUCATION

JSS Academy of Technical Education, Bengaluru

2022 - 2026

Bachelor of Engineering in Computer Science and Engineering
CGPA - 8.91

Sadhana PU College, Bengaluru

2020 - 2022

State, PCMC - 97%

ADDITIONAL INFORMATION

- **Languages:** English, Kannada, Hindi.
- **Certifications:**
 - Software Engineering - Infosys Springboard (Dec 2024)
 - Basics of Python - Infosys Springboard (Sept 2024)
 - Introduction to Natural Language Processing - Infosys Springboard (July 2024)
 - Basics of Mongo DB - Mongo DB (Mar 2024)
 - Introduction to Artificial Intelligence - Infosys Springboard (Nov 2023)
 - Introduction to Deep Learning - Infosys Springboard (Nov 2023)
- **Hobbies/Interests:** Drawing and sketching, painting, calligraphy(self taught), tanjore painting artist, cooking, crocheting, swimming
